Mr. Bannerman y to me Cuffley

This was distributed at today's meeting of the FPBC which Mr. Coffey and I attended. Colonel White has asked that our responses be in to him by 15 May 1969.

The proposal sweeps out an outmoded series regulation on separate activity approvals together with numerous individual memoranda on the subject all lacking in uniformity and substitutes the attached.

JHP

RLB-We have formed out to Offices formed a Comment. We'll love a draft response up before 15 May.
